## Masquerade Party.

For seven consecutive Sundays the enthusiastic members of the Epworth League held quite an interesting contest, the members being divided into two sides, (Reds and Blues) each having a leader and the side that had the best average in attendance at the end of the seventh Sunday was to be entered by the losing side. The little game ended with the result that the Blues were to entertain in honor of the Reds.

The climax came Friday evening when this live crowd of young leaguers and friends gathered at the Leinweber building which was decorated for the occasion in red, all masked and ready for a big time.

Ghosts, goblins, negroes, Martha Washington, Red Riding Hood, night and numerous other characters were presented.

A merry time was spent in finding each other out, after which all unmasked and enjoyed several hours of progressive "Solamugundi." Every one entered into the spirit of the interment and no one hesitated to duck for the apples, "chew the string," "thread the needles" etc., and as a result the party was the biggest success of the season.

There were pretty costumes, comical stunts and all kinds of costumes.

Dr. Oscar Taylor was the show of the evening dressed as a darky introduced as "Miss Doolittle," with his kept the crowd laughing. Misses Harris and Irene Hudspeth represented night in their black gowns bedecked with stars; Willie Fly and Ruth Yancey looked pretty with their powdered hair and colonial dresses; Fly as Little Red Riding Hood, Ella Peters and Nettie Fly were dressed as Hallowe'en ghosts; Shelly Johnson as a Spanish girl; Virginia Eller as a nurse; Mrs. Crain represented Hallowe'en with the many black and bats; Miss Williams of Hanco made a pretty little Jap girl; Miss Mae Chancey wore red in honor of the honored guests; Messrs. Osburne Yancey caused a great deal of mirth as a little boy in knee trousers, stockings and a laughing mask; Mr. Rothe was in full dress suit. There were many more besides these and after a most pleasant evening of dancing, delicious refreshments punch and sandwiches were served. There were about forty guests. Present were: Mr. and Mrs. Carter, Mr. and Mrs. Walter McLaugherty, Mrs. Lyles, Misses Bertha, and Gladys Newton, Lola Buchanan, Annie Callahan, Lenora and Linnie Schmidt, Linnie Beal, Messrs. Filleman, Willie Windrow, Geo. de, Victor Neuman, P. S. Crain, Wiley, Jeff and Volney Peters, Rev. W.

The devotional meetings of the Epworth League are well attended, averaging an average of twenty to twenty-five every Sunday and the programs very interesting as well as beneficial.

The social side of this organization is blended and greatly enjoyed by the young people of our town, but the membership is not so large but that more young men and women will be welcomed, in fact are urged to join the band of young people.

## A Distressing Accident.

Last Saturday while feeding a hay Mr. Thau Gilliam had the misfortune to get his right hand so badly lacerated that it had to be amputated at the wrist. It seems Mr. Gilliam being satisfied with the manner in which the appliance for pressing the hay into the baler box was working, moved it and attempted to feed the hay with his foot. He slipped and trying to recover himself got his hand caught between the baler and crushing it in a horrible manner. He was taken to San Antonio Monday morning his hand was amputated at the wrist. Mr. Gilliam has the sympathy of everyone in his misfortune.

## Tuesday's Election.

Tuesday's election developed one of the closest presidential elections that has occurred since the days of the Cleveland-Blaine contest more than a quarter of a century ago. So close was the contest that not until Thursday was it definitely determined that President Wilson had been elected to succeed himself, he having received 272 votes in the electoral college, 263 being sufficient to elect. So the democratic party will be in control of the National government for another four years.

The election in Medina county passed off without incident, a total of 1502 votes being polled. While that is somewhat short of the voting strength of the county, was as full a vote as could be expected, there being no contest over the county offices, all of the old officials being elected without opposition. The only contests were in commissioners precincts Nos. 1, 2 and 4; for public weighers in precincts Nos. 1 and 4, and for constables in precincts Nos. 1 and 5.

Following is the number of votes polled for positions where there was opposition.

## Oefinger-Bendele.

Nine o'clock Wednesday morning, November 8th, found St. Paul's Lutheran Church packed to its utmost capacity by relatives and friends of Mr. Ben Oefinger and Miss Agnes Bendele, who came to witness the ceremony which bound these two young hearts "for better or for worse until death do them part." The ceremony was performed by Rev. Falkenberg, pastor of the Lutheran Church.

Preceding the ceremony Miss Corinne Ney sang "Because" accompanied by Miss Ruth Rothe. Following the solo Miss Rothe struck the chords of Lohengrin's wedding march to which the bride and groom marched to the altar.

The bride is the only daughter of Mr. and Mrs. George Bendele of this place and possesses many charming graces, her friendly disposition having won for her innumerable friends.

The groom, a son of Mr. and Mrs. Christian Oefinger of Yancey, is known as a young man of sterling qualities, and is a favorite among all his associates. At present he holds a lucrative position with the Hondo Auto Sales Co.

The charming bride was attired in a coat suit of wisteria colored garb with hat and accessories to correspond and carried a bouquet of tube roses, while the groom looked his best in a suit of navy blue serge.

After receiving the congratulations and good wishes of all present, Mr. and Mrs. Oefinger left for a honeymoon trip to Galveston and other points of interest.

May the mid-day and eve of this newly wedded couple be as clear and beautiful as this the morning when the two hearts were made one.

Mr. and Mrs. Oefinger will be at home to their many friends after Nov. 15, at the home of Mrs. Oefinger's parents, Mr. and Mrs. Geo. Bendele.

## The End of the Trail.

Two new ladies are added to the cast in Oscar Graham's latest play, "The End of the Trail." They are Miss Pearl Townsend and Miss Ruth Chandler. Both are young, beautiful and accomplished. Both are provided with parts which accentuate these most desirable gifts and they play them with that fervor of enthusiasm which is always so refreshing when one is watching youth, beauty and art.

Edward C. Paulus, who has so delighted in past seasons in his comedy work as an Irishman, a tramp, a cockney, a gambler, a duke and a Chinaman, is fitted with a part this season in which he excels, and as Leviticus Livingston, a darky butler, is more exuberantly funny than ever. Oscar Graham as a cultured Indian has a strikingly romantic part to which he is particularly suited and, in fact, each member of the company is seen to splendid advantage.

"The End of the Trail" will be at the Auditorium, Wednesday, Nov. 15th.

## Parents Meeting at New Foundation.

On Friday afternoon, Nov. 3, the patrons met at school house, to enjoy a program by the children and to conclude with a business meeting. A large number was present and much enthusiasm shown during the business session. It was decided to have regular meetings, the next to be held at night, Friday, Nov. 10. Several mothers were early enough to see some lessons taught before the program began. It is a pleasure to note that some of the parents deem it a privilege to visit the school.

## CHIROPRACTIC

## Has Revolutionized the Healing Art.

Chiropractors have taken thousands of cases after all other therapeutical agents had failed, and in a marvelously short time restored them to health and strength.

Why do you always find the Chiropractor busy and his waiting room full? Because he is getting results. In the last analysis results is the only proof worth while in estimating the merits of any branch of the healing science.

In opening an office in Hondo for a few months, I offer those in need of my professional services the opportunity of receiving the same competent treatment in an office as thoroughly equipped as any Chiropractic office in Texas, yet they may remain at home, attend to their daily duties and cut the expense of similar treatments (if taken in the larger cities) to about one third.

I treat every type of chronic disease that is curable, and particularly solicit "the hard ones", the cases which have received no benefit from other methods of treatment.

If your local doctor is helping you, continue loyally with him. If not, don't drench yourself with all manner of patent medicines to the detriment of unoffending organs, come in and let Chiropractic restore you.

I specialize in female disorders, and have an enviable record of successes in such cases. Mrs. McLeese is always present to assist in examination and treatments of all lady patients, so the most timid need not anticipate any

embarrassment in coming to my office.

I make no charge for examination. If inconvenient to call, write me fully about your case or you may phone for any information at my command.

Come in at as early a date as possible as my time in Hondo is limited.

## Mrs. P. McNemar.

Mrs. P. McNemar, a sister of Mrs. A. K. Goza, died at her home at Belmont, Texas, last Saturday night, after about a month's illness from paralysis.

Mrs. McNemar had reached a ripe old age—longer than is allotted to most people and according to the best information obtainable, had passed three score and ten. She had never lived in this county, most of her life having been passed in Gonzales county.

She was the mother of ten children, nine of whom survive her.

The body was laid to rest on Monday in the Belmont Cemetery.

This is the second sister Mrs. Goza has lost by death in the last two months, and she has the sympathy of friends in her bereavement.

## Signs of Danger.

That Should Be Heeded by Hondo People.

There's serious danger in neglecting any weakness of the kidneys. The warning that Nature gives should not be overlooked. If troubled by too frequent passage of the kidney secretions; burning or sealding; if the secretions are highly colored and contain sediment when left standing—if you have backache, too, with frequent headaches and dizziness, make up your mind that your kidneys are affected and begin using some reliable kidney remedy. Deaths from kidney disease have increased in the United States alone, 72 per cent. in the last 20 years. The risk is great—you can't afford to delay. Hondo people recommend Doan's Kidney Pills. Can you ask for better proof of merit than the statement of this Hondo resident?

Mrs. N. Wantz, Hondo, says: "My kidneys were disordered for some time. I had a dull, bearing-down pain in the small of my back and it hurt me to stoop or straighten. Doan's Kidney Pills, procured at the Martin Drug Co., gave me relief right away and did me a lot of good."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wantz had. Foster-Milburn Co., Props., Buffalo, N. Y.

## Is it Santa Claus?

By Nancy M. Noyes

At a quarter to twelve on Christmas eve Teddiums woke with a start: "There was somebody tugging him by the sleeve, And he turned with a thumping heart. 'Now, don't make a sound!' said brother Jim. 'As sure as ever I'm here—it's him!'"

"Is it true?" whispered Teddiums. "Santa Claus. Oh, isn't this simply great! Can't you light up a match, Jimmy—quick—because if you don't it will be too late!"

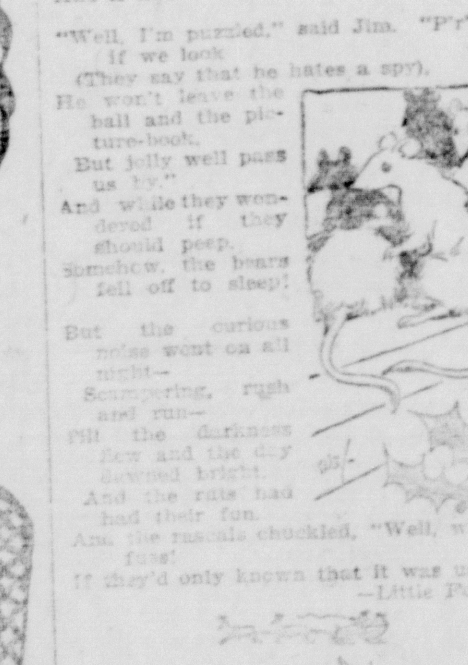

"I'm longing to know just what he's like. And if he's brought me a motor bike!"

"Well, I'm puzzled," said Jim. "Praps, if we look (They say that he hates a spry). He won't leave the hall and the picture-book. But hilly well pass us by."

And while they wondered if they should peep, somehow, the hours fell off to sleep!

But the curious noise went on all night—Scampering, rough and run—Fill the darkness. See and the day dawned bright. And the rules had had their fun. And the maids checked, "Well, what a fuss!"

If they'd only known that it was us!"—Little Polka.

is essential to health, comfort and appearance. Have you ever noticed a strained look on your face? Usually this comes from eye-strain. More wrinkles are caused by eye-strain than by old age. Headaches caused by eye-strain cannot be cured by medicine, it depends upon optical skill of the optometrist who prescribes the glasses. Having had 16 years experience in Medina County assures you of satisfaction.

**TIMOTHY HAY ON**

**EARLY SHOPPING**

By JOHN STOCKBRIDGE.

YOU can say for me," stated Timothy Hay, when seen this morning by a reporter, "that this do - your - Christmas - shopping-early stunt is all off with me now and forever, one and indivisible, world without end, amen."

"I started to do my Christmas shopping early," continued Timothy, giving his fliwer a disciplinary kick as it growled at a passing terrier, "but it was right on the start that I overtook, discovered and otherwise apprehended the Senegambian in the woodpile."

"Christmas shopping, you are at liberty to quote me as saying in your valuable medium, is bunk if you add an 'early' to it."

"It was about Thanksgiving time, if I recollect rightly, that we were first admonished to do our Christmas shopping early. It struck me as the proper thing to do. I decided I'd do it."

"Naturally, the thought first came to me what to give myself for Christmas. I always hand myself some slight token of my esteem at the happy yuletide. It compensates for what other folks hand me. A little gift doesn't

have to cost very much to make a hit with me if I give it to myself with the proper spirit.

"It's the giving, rather than the receiving, of this gift that brings me the more pleasure, anyway."

"Well, gasoline has been going up pretty steadily lately—you notice I do not talk in dialect in spite of my rural name and predilections; if I talked in dialect I would say gas was goin' up purty stiddy—and, due to the increased cost of living expenses, I decided that it behooved me to economize."

"So I decided on a haircut for my Christmas gift to myself, and I decided to get it early on account of the poor, tired shopgirls who are wishing the store would close so they can crowd in a few more dances with the dashing young ribbon clerks three aisles over."

"Whereupon I got a haircut, a good, short one."

"The rest of the story is soon told. I got it cut again last night, and I had to wait for six customers ahead of me who were telling the barbers to shave 'em extra close so it would last over to Monday."

"That much for early Christmas shopping. I bought the junk for the folks after they'd locked the street doors last night and have just been making the rounds of the drug stores to pick up the odds and ends I've forgotten. No more Christmas shopping in mine. Giddap, Dobbin."

And with a peremptory cluck to his steed, Timothy Hay trotted away in high dudgeon.—Denver Times.

You need a real tonic. Strength is required to overcome the trouble. Let that tonic be one that is specially valuable in external conditions, and you can conquer the cold. A cold is acute catarrh; it may become chronic. Chronic catarrh frequently becomes systemic, involving the stomach and the intestinal tract as well as the nose or throat. It means stagnation.

**PERUNA IS INVIGORATION**

It clears away the waste matter, dispels the inflammation and tones up the system. For forty-five years it has been used in catarrh by thousands of grateful sufferers, who willingly tell the world of their relief. ### Here's An Opportunity.

Do you want a traveling library in your community? Do you know what a traveling library is?

Traveling libraries are collections of 50 books which are sent by the State from one community to another. They are maintained by the state, and circulate from the library of the Texas Library and Historical Commission in the Capitol, free of all charge except the cost of transportation on return of each library. The libraries are made up of the best popular books in English, for adults and children, approximately one-third of the books being juvenile books, one-third fiction, and one-third interesting books of history, travel, biography, science, and literature. The libraries are shipped in stout hinged cases and are accompanied by supplies necessary for keeping records of circulation.

The traveling libraries are intended for rural communities and small villages not enjoying public library privileges. When the people at a station have read a library, it is returned to the Commission, where the books are checked up, record of their circulation is taken, necessary repairs made and binding done, and then it is sent to another station.

To secure a traveling library for a rural community or a town too small to support a public library, or where it is at present impracticable to take advantage of the county library law, or where it is felt a traveling library will be of benefit in arousing interest in taking advantage of the county library law, at least two taxpayers and a banker guaranteeing the responsibility of the taxpayers should make application on the blank furnished by the Commission and select a responsible person to care for the library.

In case a woman's club borrows the library for the community, the application must be signed by three officers of the club, who will remain responsible for the books even if their term of office expires before the books are returned.

For further information, or application card, address Miss Octavia F. Rogan, Texas Library and Historical Commission, the Capitol, Austin.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

### In Loving Memory of our Dear Uncle Mr. Emil Graff.

A precious one from us has gone  
A voice we loved is stilled,  
And a place is vacant in their home  
Which never can be filled.

God in His wisdom has recalled  
The boon His love has given,  
And though the body slumbers here  
The soul is safe in Heaven.

But he is dead, an all-wise God  
Who all things for the best ordains,  
Took that guiltless soul unto Himself  
'Ere aught of the world could lay its claims.

We miss thee from thy home,  
A shadow over our life is cast,  
We miss the sunshine of thy face,  
But our loss is Heaven's gain.

Dearest uncle, thou hast left us  
And thy loss we deeply feel;  
But 'tis God who has bereft us,  
He can all our sorrows heal.

O how we did cherish  
Him, our loved one  
And for him do mourn,  
Yet God's will be done.

Of life's pleasure he had many a share  
Having, also, a part in trouble and care,  
But now of life's duties he is free  
And forever he will enjoy eternity.

Ah! wife and children it is only a few short days  
That you can see your fathers' face,  
Therefore, weep not but cheer up and say,  
The day of our reunion will be a happy day.

### GOOD GREEN MANURING CROP

Big Value of Sweet Clover is to Turn Under to Improve Soil--Foliage Has Bitter Taste.

(By C. B. HUTCHISON, Missouri College of Agriculture.)

The chief value of sweet clover for Missouri conditions is as a green manuring crop. Being a legume, it has the power of gathering nitrogen out of the air and storing it in the soil by means of the bacteria which live upon its roots. Since it makes such a heavy growth and does well on thin lands, it makes a good crop to turn under to improve the soil.

The value of sweet clover as a pasture or hay crop is much disputed. Some farmers regard it as practically worthless and consider it a weed, while others apparently have had good success with feeding it. Its foliage has a bitter taste due to the coumarin it contains and its stems have a tendency to become woody as they mature. If not allowed to become too rank before pasturing, or if cut for hay before the first bloom buds appear, these two objectionable features may be avoided to a considerable extent and very good feed obtained. It has been found, too, that stock will learn to eat it, and after being fed or pastured on it do not object to the bitter taste, as at first. Since it is a biennial, sweet clover may take the place of red clover in the rotation on those lands where the latter does not thrive well, but on the best lands it cannot compete with either red clover or alfalfa for hay.

The fact that the bacteria in the nodules on its roots are capable of inoculating alfalfa has led to the idea that it is a valuable crop to occupy the land immediately before seeding alfalfa. This may sometimes be done, but usually lands that have never grown sweet clover need inoculation for it as well as for alfalfa. It has been found necessary to inoculate the soil on the experiment station field at Columbia for sweet clover, and even with this precaution considerable difficulty has been experienced in getting a stand. It is evident, then, that it is frequently more difficult to obtain a good stand that one might expect from a general survey of the habits and characteristic of the plant.

Buy what thou hast no need of, and ere long thou shalt sell thy necessities.

# Name Your Farm

OCCASIONALLY we get a letter from a farmer on stationery on which is printed his own name and the name of his farm. In some cases we find on the margin, briefly stated, what is being made a specialty of on that farm.

This looks like business, and demands attention at once, for it catches the eye.

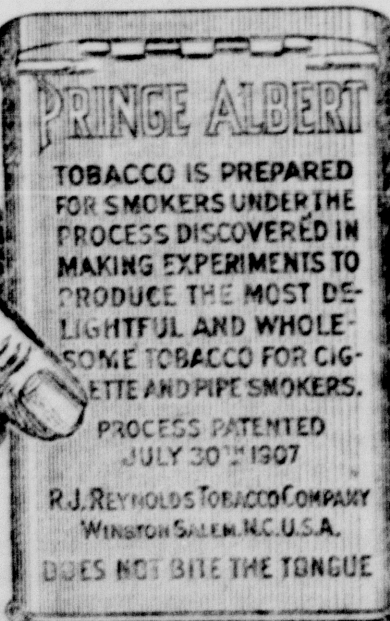

The editor of your county paper always stands in need of a bushel of potatoes, a sack of water-ground meal, or some such farm product, and would be glad to swap you some nice printed envelopes and paper to match for these things.

It would pay you to do some trading with this man, who is doing a lot in his way to help you, so next time you are in town talk it over with him. Before giving the order talk it over with the wife and family, and decide on an appropriate, catchy name for your farm and then--live up to it.--President Charles S. Barrett in National Field.

# Sufferers from Backache, Rheumatism, Lumbago and Kidney Trouble.

Before an Insurance Company will

take a risk on your life the examining

physician will test the urine and report

whether you are a good risk. When

your kidneys get sluggish and clog,

you suffer from backache, sick-headache,

dizzy spells, or the twinges and pains of

lumbago, rheumatism and gout. The

urine is often cloudy, full of sediment;

chills often set in and sleep is dis-

turbed two or three times a night. This

is the time when you should consult some

physician of wide experience—such as

Dr. Foley, of the Hotel and

Sandwich Islands, Buffalo, N. Y. Send

him 10 cents for large trial package of

his "Foley's" and send a sample of

your urine. Experience has taught

## In Memory of Mr. Emil Graff.

Dear Uncle you have left us

Lonesome our hearts today,

Death has of you bereft us

Taken you as far away.

You have crossed the dark cold river

Angels hold you by the hand,

You are safe from storm forever,

Safe within that promised land.

How we miss your gentle footsteps

Miss each kind and loving word,

No more in this lonely household

Will your tender voice be heard.

Dear Uncle how we loved you,

No pen can write no tongue can tell,

But the gentle Shepherd called you,

We must bid a long farewell.

For alas the Savior called him

Called him from this world of woe

And his spirit was ascended

From this earthly home below.

So farewell, farewell, Dear Uncle

You have only gone before

For if we are but as faithful

We shall reach the golden shore.

## OLDEST CHRISTMAS CUSTOM

Decorating Houses, Churches and

Streets With Evergreen Popular

Since Dawn of History.

P ERHAPS the very oldest of all

Christmas customs is that of

decorating our houses, churches

and streets with evergreens.

At the very dawn of history began the

worship of the trees, or forest worship,

and the groves were man's first tem-

ples.

All our instincts, our passion about

nature, are forest memories, for forest

worship was universal.

In later times to each god some tree

was dedicated; Apollo had the laurel,

Jupiter the oak, and Greece for ages

had its sacred groves.

The forest worshippers could not

worship without giving, because to

worship is to give, and these boughs

and garlands were the oldest gifts of

man. Before he had learned to shape
